

Northcross Intermediate: Update

IMPORTANT INFORMATION REGARDING STUDENT VISAS

Please note: it is important that your International Student update their Primary School Visa PRIOR to starting school at Intermediate. Immigration are insisting that an International Student CANNOT start studying at an Intermediate School on their previous Primary School Visa even if has not expired. To be eligible to study at Northcross the Student's Visa **must read "to study at Northcross Intermediate School"**

This means students need to apply for their new Student Visa before the school year commences to ensure they can start on the first day of school. Primary School Visas will not be accepted as proof of study even if Northcross fees have been paid in full. This also means an International Student graduating to High School will NOT be allowed to commence school on their Intermediate School Visa.

Any questions regarding this please email me: sharonh@northcross.school.nz or visit New Zealand Immigration website:
